**Comment Sheet**

**APPLICATION SERIAL NUMBER**

**10/537228**

---

**DOES NOT COMPLY WITH THE  
SEQUENCE RULES. See reasons below.**

**This comment sheet can be used with any of the three routing sheets - (SAMPLE) brief reason (e.g., see page(s), figure(s), etc. as to why the application is being returned. This needs to be type written because it will be sent to applicant by PCT, OIPE and PCT/DO/EO.**

**Sample comments should be specific:**

The application contains sequence disclosures that are not included in the sequence listing and CRF. For example, the first sequence set forth in Figure 18 is not present in the sequence listing. In addition, the application claims sequences by reference to the drawings (e.g., claim 33). Due to the large number of sequences disclosed in the application and failure of the application to identify sequences set forth in the specification and claims by SEQ ID NO as required, it is not possible to determine which sequences are to be searched.
